

STORED VALUE SOLUTIONS

Store funds indefinitely. Move them flexibly.

Transforming your customer experience and business operations is about more than just speed of payment. Fast is great – sure – but precision, security and flexibility is where the rubber really hits the road.

ACCESS, STORE & MOVE FUNDS

with precision, security and flexibility

Zepto **Stored Value** allows you to **securely hold money** – yours or your customers – in a virtual account **indefinitely**.

Zepto Stored Value connects to all our existing payment rails so that your money can be easily transferred in and out via the NPP or BECS.

Stored funds can then be moved to meet your business and/or your customer needs.

MANAGE MONIES PURPOSEFULLY

Fund money when you or your customers need via all of Zepto's **NPP** or **BECS** payment rails.

STORED VALUE FACILITY

Funds are ring-fenced and held securely as client monies indefinitely.

Pay-out into any bank account at any time based on your or your customers' needs.

BENEFITS & FEATURES

- Keep your operational cash within the Zepto ecosystem indefinitely
- Hold an infinite amount of money (AUD)
- Get visibility on the movement, origin and purpose of funds moving in and out of accounts
